

Your life at MCFDS - social

Sport

At MCF Demonstration School, the School curriculum is made flexible enough to incorporate sporting activities. Every child is expected to be engaged in one form of sporting activity or the other at the time specified for it. Students will engage in both indoor and outdoor games ranging from playing ludo, swimming, horse riding, football, basketball, etc.

Music

The School organises musical concerts which is one of the numerous extra-curricular activities students are expected to participate in during the course of schooling.
